VERIFICATION
The Board is NOT responsible for your bills and does not guarantee payment on any application nor does the Board guarantee payment of the maximum amount allowed by law. Any compensation awarded by the Board is determined by the Board within statutory and policy guidelines. The Board will notify you of any action taken regarding an application.

If you receive an award and also file a civil lawsuit, you must notify the Board and the attorney general when you file the suit.

In the event you receive an award and then receive payment from any collateral source or recover damages in a civil suit, you are then required to repay the Fund.

EMERGENCY AWARDS
The Board may make to a victim an Emergency Award not to exceed $500 pending its final decision on an application. This is done when it appears that an award will likely be made and undue hardship will result if no immediate relief is provided.

This brochure is meant to be informational and is not an exact duplicate of the statute nor does it detail Board payment and decision-making policies, as these are subject to change.

Information herein applies to the Act amended through 2010.

Effective July 1982, the State of Louisiana established a program for the payment of compensation to the victims of certain crimes. The law, known as the Crime Victims Reparations Act, created the Crime Victims Reparations Board and established the Crime Victims Reparations Fund. The Board administers the Act's provisions and awards payments from the fund. Income for the fund is composed primarily of monies paid as costs levied on criminal court costs. Funds are supplemented by a federal grant, court-ordered restitution from criminals, donations and interest.
